

German Intensive Language Course in Munich

While most Germans speak English, operating and participating in every day life can be challenging for students who don't know the language at all. This includes simple tasks as purchasing a bus ticket, buying groceries or completing documents in German.

This 2-week intensive German language course at MBS will help students with no or little knowledge of German to quickly integrate into the German daily life and to learn about the culture as well as the city of Munich. Students enrolled in this course may then continue taking German lessons during their academic studies at Munich Business School at no cost.

The German course focuses on all components of language learning: Listening, speaking, reading and writing, based on the Common European Framework of Reference for Language learning (A 1, Level 1). Two excursions and other activities will take place at five days after the lessons on afternoons. These spare time activities will give you the opportunity to speak German and to get to know Munich and its surroundings in good company.

Our top priorities in this German language courses are:

- * improving your reading and listening comprehension
- * improving your pronunciation
- * understanding and using grammar
- * easily establish vocabulary and extend it
- * communicative learning in everyday life
